**The Prudential Disclosures contained herein apply to Horizon Credit Union Limited (ABN 66 087 650 173)**

The information in this report is prepared quarterly based on the ADI financial records and uses the post 1 January 2018 capital disclosure template to fully comply with Basel III regulatory adjustments as implemented by APRA. The financial records are not audited for the Quarters ended 30 September, 31 December and 31 March.

The report as at the 30 June is based on the financial statements as audited as at the 30 June.

There are no other legal entities that comprise a consolidated group.

**CAPITAL BASE**

If the details of the components of the capital base set out below are for the financial year ended 30th June, these amounts coincide with the audited accounts.

The following table A sets out the elements of the capital held by the ADI including the reconciliation of any adjustments required by the APRA Prudential Standards to the audited financial statements. Adjustments are usually in the form of deductions of assets not regarded as recoverable in the short term (such as intangible assets and deferred tax assets), and or discounts made to eligible capital of a short term nature.

**All regulatory capital elements are consistent with the audited financial statements as at the last reporting date.**

## CAPITAL REQUIREMENTS

Capital requirements in the ADI is determined by the risk weights of the relevant assets held with the minimum required capital to cover 9% of the risk weighted assets. The ADI maintains a capital policy level of minimum 12% and a capital target of 15%. The current level of capital is 14.40%

The risk weighted assets for each asset grouping as set out in the table below is determined by the APRA Prudential Standards APS 112. These are prescribed risk weights to measure the level of risk based on the nature and level of security supporting the assets recovery.

The risk weighted assets held as at the end of the quarter ended 31 Dec 2021 is as follows:

## CREDIT RISK

### (i) CREDIT RISK - INVESTMENTS

Surplus cash not invested in loans to members are held in high quality liquid assets. This included the funds required to be held to meet withdrawal of deposits by members of the ADI.

The ADI uses the ratings of reputable ratings agencies to assess the credit quality of all investment exposure, where applicable, using the credit quality assessment scale in APRA Prudential Guidance in APS112. The credit quality assessment scale within this standard has been complied with.

The Table E below excludes the Equities and securitisation exposures. Securitisation exposures are set out in the table G that follows.

The exposure values associated with each credit quality step are as follows in Table E.

## (ii) CREDIT RISK - INVESTMENTS

The classes of loans entered into by the credit union are limited to loans, commitments and other off-balance sheet exposures. The credit union does not enter into debt securities, and over-the-counter derivatives.

### Impairment details

The level of impaired loans by class of loan is set out below. In the note below -

- Carrying Value is the amount of the balance sheet gross of provision (net of deferred fees)
- Past due loans is the 'on balance sheet' loan balances which are behind in repayments past due by 90 days or more but not impaired
- Impaired loans are the 'on balance sheet' loan balances which are at risk of not meeting all principle and interest repayments over time
- Provision for impairment is the amount of the impairment provision allocated to the class of impaired loans
- The losses in the period equate to the additional provisions set aside for impaired loans, and bad debts written off in excess of previous provision allowances.

The impaired loans are generally not secured against residential property. Some impaired loans are secured by bill of sale over motor vehicles or other assets of varying value. It is not practicable to determine the fair value of all collateral as at balance date due to the variety of assets and condition.

The analysis of the ADI's loans by class, is as follows in Table F

**General Reserve for Credit Losses**

The reserve is set aside to quantify the estimate for potential future losses in the loans and investments.

In addition to the provision for impairment, the board has recognised the need to make an allocation from retained earnings to ensure there is adequate protection for members against the prospect that some members will experience loan repayment difficulties in the future.

The reserve has been determined on the basis of the past experience with the loan delinquency and amounts written off.

The value of the reserve is amended to reflect the changes in economic conditions, and the relevant concentrations in specific regions and industries of employment within the loan book.
